PRICING

PRICING

EDGE TO EDGE: \$45.00 psm
EDGE TO EDGE DENSE: \$50.00 psm
Per Square Meter (psm)

CUSTOM QUILTING: From \$45.00 /hour
Including blocks and borders, re-orientation of blocks etc.

BASTING: 4 to 6 inches apart. Easy to remove stitches \$15.00 psm

MINIMUM CHARGE \$70.00 per quilt.

BINDING: Customer to prepare binding (diagonal seams pressed open)
Attach binding to front of quilt ready for hand stitching \$5.00 pm

PLEASE NOTE: I no longer charge for thread. I find the average quilt uses less than 1 large bobbin per sq metre. If your quilt uses more than this, it will be priced as dense quilting. Variegated threads incur an additional cost of \$3 per bobbin.

BATTING: - I do carry batting. Prices are subject to change and currently include Hobbs 80/20 Cotton/Poly \$30/metre, Dream Wool 100% Wool machine washable \$45/metre, 50/50 Wool/cotton mix \$30/metre and 50/50 Bamboo/Cotton blend at \$29/metre.

BACKING: I have a few basic wide backing fabrics plus samples which you can order through me at an additional cost. However, **I do not join or construct backing** from other sized fabric.

When working out the cost, I multiply the width by the length (when measured in metres 1.85 by 2.23 = 4.13 square metres) to get the square metres (area).

Where it is difficult to work out the area of the quilt that has been quilted, I will work on an hourly rate of \$45.

Correct at time of printing 1 March 2020. Prices subject to change.
